

Curriculum Vitae

Abdullah M S Khamaiseh
BSN, MPH, DNS

Associated Professor

Vice Dean

To Whom It May Concern

I received a BSN from Jordan University of Sciences and Technology (JUST) in 1990, I then worked in Ministry of Education in Jordan from 1990 to 1997 as a nursing teacher and during that time I received a Masters degree in Public Health specializing in Health Education from the same university (JUST) in 1994, then doctorate of nursing science (DNSc) in community health nursing - Alexandria University in 2011. In 1997 I joined Muscat Nursing Institute in Oman as a Senior Clinical Instructor and then as Tutor. I have been teaching all of the nursing courses in addition to support courses. Currently I am the vice dean of Nursing Faculty in Mutah University and the head of department of community and mental health nursing.

Attached is the Curriculum Vitae.

Thank you
Your faithfully
Dr. Abdullah Khamaiseh

Curriculum Vitae

I. Executive Summary:

The main characteristics of my work are to enlighten the community as to implementing health and awareness programs. The aforementioned activities, no doubt, gave me fruitful and dependable experience to deal with diverse walks of the community, elderly people to school students for instance. Being head of community health nursing department and Head of outreach committee as well, I was required fully collaborate and coordinate with the outer institutions. I managed successfully to activate my educational establishment expectations to amend the undesirable health behavior amid the society and enhance the desirable health manipulations. I have significant experience in all facets of communications. My public relations positions have equipped me with excellent communication, negotiation, consultation and organizational skills. I believe my depth of experience in the health education and public relations make me well suited for any position in nursing, public health, and health education as well.
